

Topping Colour

Draft V1.

Addcrete Topping Colour is an easy to use product that is a low maintenance and affordable alternative to paving and plain concrete. **Addcrete Topping Colour** combines the durability and low maintenance of concrete with the attractive colour and design of paving or slate. **Addcrete Topping Colour** can be finished in a wide variety of effects (stipple, hit and miss, broom, flat) allowing each job to show unique characteristics.

Advantages

- Add value and beautify your home or business.
- Multiple effects possible.
- Increases surface hardness
- Multiple finishes possible.
- Easy to apply.
- Provides a cleaner safer working environment.

Preparation

The concrete surface should be completely clean and free of all contaminants.

Application

Addcrete Topping Colour should be applied to the damp concrete surface after bleedwater has evaporated. Evenly broadcast the Topping Colour over the surface in two stages (coats) to ensure uniform colour and thickness. The first coat should be thoroughly worked into the surface by trowelling. The second coat should be applied perpendicular to first coat and again thoroughly worked into surface.

Apply topping colour, or highlight flecking while the surface is still plastic to ensure bonding

All surfaces treated with Addcrete Topping Colour must be sealed to ensure the long term finish.

Curing

As for concrete of strength rating specified.

Packaging / Coverage

Available in 20kg bags, each bag covers approx 10m². Wide range of colours available, see **Addcrete** colour chart.

Storage

Should be stored in original un-opened containers. Must be stored away from all sources of moisture.

Precautions

Suitable protective gloves, goggles and clothing should be worn. Any contact with the skin or eyes should be flushed / washed off with running water immediately.

Avoid inhaling or swallowing the product.

NOTE: Material safety data sheets for these and all Addcrete products are available on request. Read the MSDS and product label carefully before using.
